The DG states that "full arrangements have not been made in the colleges of Mysore for the study of all the branches of study for the BA degree sens - It is doubtful if for satisfactory arrangements full arrangements have (not) been made in any college in India for the study of all branches - For example, we may try to find out whether the Presidency College at Madras teaches all branches -

What is meant is probably not full arrangements in a single college but between the two colleges

7 In some places the Supdt of Govt gardens teaches Botany in colleges for the University sens - It is doubtful however whether such a course can be adopted here -

8 Then again for the teaching of botany a proper botanical garden is a necessity - It has to be seen whether such facilities exist here, or can be created at moderate cost - If not then it would be unnecessary to get a professor

9 Finally for all subjects a European professor on 500-50-1000 may not be necessary - For a subject like Botany attempts may be made to secure a competent man for less pay -

It has long been in contemplation & currently except the College authorities are slightly - The objection "few students" is no objection at all, & the answer is that a small number of students mean better instruction & better attention - But this can be discussed hereafter -

2 The second proposition the Central College is very necessary & has long been wanted - Provided the man selected be good & efficient it may not matter whether he is European or Indian & question - be awarded The plan can be submitted and application invited

3 A Botanical Garden & Nursery equipment can be kept up on a moderate scale after the Professor comes - At present there is no expert to do all this - [The Lal Bang will be a good nucleus of the garden that will be required]

Submitted to His Highness

16

In reporting that full arrangements have not been made in the Colleges of Mysore for the study of all the branches for the B A degree examinations, the Inspector General of Education recommends the appointment of an additional European Professor to introduce a study of Botany in the Central College, Bangalore The pay proposed for the Professor is Rs 500-50-1000

2) Both the Councillors are in favour of the proposal

3) An additional Professor of Natural Sciences with Botany as his special subject has long been wanted and is very necessary for the Central College If the person selected be good and efficient, it may not matter whether he is a European or an Indian If sanction be accorded, the place can be advertised and applications invited, unless we are able to secure a competent Professor with the help of friends in England

To

C S Balasundaram Iyer, Esq , B A ,
Offg Secretary to the Government of His Highness
the Maharaja of Mysore, General & Revenue Departments,

Sir

I have the horour to submit the following proposals for the corsideration and early orders of Government

Full arrangements have not been made in the Colleges of Mysore for the study of all the branches of study for the B A degree ~~ex~~ examinatiors The natural science branch in the Central College now takes up only Geology as the main subject and Zoology as a subsidiary subject If we get an English Professor in addition, we shall be in a position to introduce a study of Botany This new Professor as already once recommended by the Principal may be one who can supervise & co-ordinate all the natural science subjects, and he will have to be in the grade of R$500-50-1000, as we cannot expect to get a suitable Professor on cheaper terms He will be appointed on probation on the usual terms The Madras University has been requested to sanction the opering of a branch for Psychology & Logic for the B A, pass course, but on further consultation with Messrs Denham & Reddy, it is somewhat doubtful whether the number of students available will be sufficient I shall address Government later on if necessary about additioral provision required therefor

I have the honour to be,
Sir,
Your most obedient servant,

S Krishnamurthy Iyengar

Assistant to the Inspector General,

for Inspector General
